

## § 1214.600

Office responsible for the program to which such access is sought. The intent of the certification process is that foreign personnel are screened as thoroughly as are U.S. citizens who have access to mission critical space systems areas or who have the need to assume mission critical duties.

(g) NASA will accept certifications from other Federal agencies, departments, and offices following review under the NASA Headquarters process (Section 1214.505(e) of this part), if a written agreement has been reached whereby NASA recognizes that process as equivalent to its own. Such agreements will be negotiated by the NASA Headquarters Office of Safety and Mission Quality (Code Q) and the Program Office responsible for the program to which such access is sought. A security clearance to access classified material is not sufficient to meet the certification requirements of this regulation.

### Subpart 1214.6—Mementos Aboard Space Shuttle Flights

AUTHORITY: Pub. L. 85-568, 72 Stat. 426 (42 U.S.C. 2473(c)).

SOURCE: 56 FR 31074, July 9, 1991, unless otherwise noted.

#### § 1214.600 Scope.

This subpart establishes policy, procedures, and responsibilities for selecting, approving, packing, storing, and disposing of mementos carried on Space Shuttle flights.

#### § 1214.601 Definitions.

(a) *Mementos*. Flags, patches, insignia, medallions, minor graphics, and similar items of little commercial value, especially suited for display by the individuals or groups to whom they have been presented.

(b) *Official Flight Kit (OFK)*. A container, approximately 0.057 cubic meters (2 cubic feet) in size, reserved for carrying official mementos of NASA and other organizations aboard Space Shuttle flights. No personal items will be carried in the OFK.

(c) *Personal Preference Kit (PPK)*. A container, approximately 12.82 centimeters  $\times$  20.51 centimeters  $\times$  5.13 centimeters (5"  $\times$  8"  $\times$  2") in size, separately as-

## 14 CFR Ch. V (1-1-01 Edition)

signed to each individual accompanying a Space Shuttle flight for carrying personal mementos during the flight.

#### § 1214.602 Policy.

(a) *Premise*. Mementos are welcome aboard Space Shuttle flights. However, they are flown as a courtesy—not as an entitlement. The Associate Administrator for Space Flight is free to make exceptions to this accommodation without explanation. Moreover, mementos are ballast not payload. They can be reduced or eliminated (by the Deputy Director, Space Shuttle Program, Johnson Space Center) for weight, volume, or other technical reasons without reference to higher authority.

(b) *Constraints*. Mementos to be carried on Space Shuttle flights must be approved by the Associate Administrator for Space Flight and are stowed only in an OFK or a PPK. Mementos will not be carried within payload containers, including Get-Away Specials, or in any other container or locker aboard the Space Shuttle, other than within the designated OFK or PPK.

(c) *Economic Gain*. Items carried in an OFK or a PPK will not be sold, transferred for sale, used or transferred for personal gain, or used or transferred for any commercial or fund-raising purpose. Items such as philatelic materials and coins that, by their nature, lend themselves to exploitation by the recipients, or create problems with respect to good taste; or that are large, bulky, or heavy items (in the context of the OFK's size, as indicated in § 1214.601(b) of this part) will not be approved for flight.

#### § 1214.603 Official Flight Kit (OFK).

(a) *Purpose*. The OFK on a particular flight enables NASA, developers of NASA sponsored payloads, NASA's external payload customers, other Federal agencies, researchers, aerospace contractors, and counterpart institutions of friendly foreign countries to utilize mementos as awards and commendations or preserve them in museums or archives. The courtesy is also extended to other organizations outside the aerospace community, such as

state and local governments, the academic community, and independent business entities. In the latter case, it is customary to fly only one item for the requesting organization to be used for display purposes.

(b) *Limitations.* In addition to § 1214.602(c) of this part, U.S. national flags will not be flown as mementos except by U.S. Government sponsors.

(c) *Approval of Contents.* At least 60 days prior to the launch of a Space Shuttle flight, an authorized representative of each organization desiring mementos to be carried on the flight in the OFK must submit a letter or request describing the item(s) to be flown and the intended purpose or distribution. Letters should be directed to the cognizant NASA office as follows:

(1) Space Shuttle customers/users of any nature, to the Director of Transportation Services, Code MC, NASA Headquarters, Washington, DC 20546.

(2) Foreign organizations/individuals, and Department of Defense organizations/individuals (both other than as a Space Shuttle customer) and other Federal agencies to the Associate Administrator of External Relations, Code X, NASA Headquarters, Washington, DC 20546. Upon receipt of all requests, the cognizant offices will review and forward data to the Associate Director, Code AC, Johnson Space Center, Houston, TX 77058.

(3) All others (aerospace companies, state and local governments, the academic community, and non-space-related businesses) may send requests directly to the Associate Director, Code AC, Johnson Space Center, Houston, TX 77058. In the event OFK requests, on a particular flight, exceed OFK capability, priority consideration may be given to those entities having payloads on that flight. The listing of the proposed OFK contents for each flight is prepared at the Johnson Space Center and forwarded to the Associate Administrator for Space Flight approximately 30 days prior to launch for approval.

#### § 1214.604 Personal Preference Kit (PPK).

(a) *Purpose.* The PPK enables persons accompanying Space Shuttle flights to carry personal items for use as mementos.

Only those individuals actually accompanying such flights (astronaut crew members, payload specialists, and space flight participants) may request authorization to carry personal items as mementos. These items must be carried in individually assigned PPK's.

(b) *Limitations.* The contents of a PPK must be limited to 20 separate items, with a total weight of 0.682 kilograms (1.5 pounds). Each item is allocated for a different recipient and distributed accordingly. The volume of a PPK must be contained in a 12.82 centimeters × 20.51 centimeters × 5.13 centimeters (5"×8"×2") bag provided by NASA. Increases in these limitations will be authorized only by the Associate Administrator for Space Flight.

(c) *Approval of Contents.* At least 60 days before the scheduled launch of a Space Shuttle flight, each person assigned to the flight who desires to carry items in a PPK must submit a proposed list of items and their recipients to the Associate Director, Johnson Space Center. The Associate Director will review the requests for compliance with this subpart and submit the crew members' PPK lists through supervisory channels to the Associate Administrator for Space Flight for approval. A signed copy of the Associate Administrator for Space Flight's approval will be returned to the Director, Johnson Space Center, for appropriate distribution.

#### § 1214.605 Preflight packing and storing.

(a) Items intended for inclusion in OFK's or PPK's must arrive at the Johnson Space Center, Code AC, at least 45 days prior to the flight on which they are scheduled in order for them to be listed on the cargo manifest, packaged, weighed, and stowed aboard the Orbiter. Items must arrive at the Johnson Space Center prior to the 45-day limit even if the Associate Administrator for Space Flight's approval is still pending. Items not approved by the Associate Administrator for Space Flight will be returned to the requesting individual/organization.

(b) The Associate Director, Johnson Space Center, is responsible for the following:
